Our mission is to create a fun, effective, and advanced curriculum for Kindergarten. We believe strongly that a positive language experience fosters openness to the sounds, songs, stories, culture, and people of the language.

I will be using The Sonrisas Spanish Curriculum. It works in three segments- Circle Time, Story Time, and Art Time. This is designed to stimulate and challenge the students, to build self-confidence, and most importantly, to develop their love of the Spanish language.

Circle Time

During Circle time we will sing songs, play games, and use introductory activities for the lesson completely in Spanish.

Story Time

In story time I will use the technique of shared reading which will involve the students in the storytelling process.

Art Time

Students will create an art project that is related to the theme of the lesson. Most art projects incorporate reading & writing.

Kindergarten class meets every Friday for 45 Minutes in the Spanish Classroom.
